A resolution regarding mileage regulation for firemen in all classes of service was presented. Moved Bro. Cove, 2d Bro. Ryckman. (Resolution is attached herewith) that resolution be adopted & copy of same be sent to Gen. Ch. asking for his consent to arrangement. Carried.

Moved Bro. Cove 2d Bro. Ryckman that Gen. Ch. be requested to give a ruling on the question of and hostler coming in from an outside point to displace a man on a temporary hostling job. Carried

Moved Bro Hutchison 2d Bro. Mayhorn that Bro Hudson of B of R. F be communicated with in reference to Mr. McKenzies appointment as

August 20th, 1931

That the General Chairman be requested to approve of the following proposition :-

In order to further divide the available work more equitably among the members of Lodge 127 and to overcome obnoxious conditions existing under present mileage limitation rules, the Local Chairman be authorized and instructed to take a referendum ballot of the membership of Lodge 127 on the following method of mileage regulation:-

That four (4) pools be established to handle all firing at Winnipeg as follows:-

1 Passenger Pool.
2 Mixed and Way Freight Pool.
3 Yard Pool.
4 Spare Pool.

Passenger Pool. To man all strictly first class runs .
The number of men in this pool to be determined by dividing the total minimum earnings of firemen on all strictly first class runs for a thirty day month by $160.00
Men in this pool to run out of Winnipeg in rotation and out of away terminals, "first in, first out,"
Men in this pool booking off, to go out in their regular turn after booking "O.K. for duty."

Mixed and Way Freight. To man all mixed and Way Freight trains including City Work Train and Selkirk Switcher.
The number of men in this pool to be determined by dividing the earnings of firemen on those runs for the 30 days immediately preceding the date of putting these regulations into effect by $160.00
Men in this pool to work "first in, first out" both at Winnipeg and away terminals.
Men in this pool booking off will go out, after booking "O.K. for duty" in the turn established by the spare man going out in their place.

Yard Pool. To man all regular yard assignments.
The number of men in this pool to be determined by dividing the total number of shifts worked regularly per week by 6.
Men in this pool will work in rotation.

Yard Pool (continued)
Permenent yard firemen will be permitted to work in this pool as long as their seniority entitles them to a job firing.
Men in this pool booking off will go out ,after booking "O.K.for duty"in their regular turn.
Spare Pool.
To man all unassigned work and all vacancies under 7 days in Passenger,Mixed and Way Freight and Yard Pools.
The number of men in this pool to be regulated so that their earnings will average as near $140.00 per month as possible.
Men in this pool will run "first in,first out"of both Winnipeg and away terminals regardless of run or train on which outward leg of trip is made.
Men in this pool will be placed at the bottom of the list after booking "O.K.for duty."
Men in this pool catching shift hostling or in the yard or any job making less than 180 miles will stand first out at the expiration of 12 hours unless called before that.

A check will be made by the Local Grievance Committee or as many of the Committee as can get together with the Local Chairman,on the 10th,20th,and 30th of each month to determine if any changes are necessary in any of the pools to regulate the earnings at the amounts specified.

In the event of no men being available when required in the spare pool,the senior fireman out off the firing list will be called and left in the spare pool until the following checking date.

In the event of promotion or demotion requiring or permitting men to change from one pool to another,they will take the turns of the men whom they displace.

Should business increase to such an extent that maximum mileage could be made by all present members of Lodge 127 under regular schedule provisions for manning of runs, same shall be put into effect by vote at any meeting of the Lodge;to remain in effect until again changed by referendum.

Yard firemen called for spare running will be held off one turn for each shift in the yard and two turns for each trip on the road.

Road firemen called for spare running will be held off one turn for each trip on the road and one turn for each two

Shifts in the yard.

Should this present referendum receive a majority in favor of above regulations, same shall be bulletined for 72 hours and all firemen will apply for their preference pools, same to hold for life of current time table, so that advertising of set-ups or set-backs or vacancy of over 7 days will be unnecessary.

It is understood that, should Winnipeg adopt these regulations, firemen will not be allowed to transfer to Winnipeg unless similar regulations are in effect at their home terminal.

Brotherhood of Locomotive Firemen and Enginemen
NORTHERN LIGHT LODGE. NO. 127
19
90 McAdam Avenue,
Winnipeg, Canada

October 4th, 1931

R E S O L U T I O N.

WHEREAS the Canadian Pacific Railway has notified the representatives of the train service organizations of their intention to reduce the wages of members of said organizations to the extent of ten per cent of their earnings commencing October 1st.1931,effective until December 1932;

AND WHEREAS it is the consensus of opinion amongst all progressive minded people that such wage cutting methods will inevitably accentuate the prevailing economic distress on account of the accompanying decrease in the purchasing power of the consuming public who are wage earners,thereby delivering a further blow at industry at a time when every available means should be utilized to stimulate and encourage industry,which can best be done by increasing the buying power of the public;

AND WHEREAS the members of the Brotherhood of Locomotive Firemen and Enginemen have already made considerable contribution during the existing period of depression by voluntarily reducing the mileage in all classes of service to the minimum thereby relieving the unemployment situation to the best of their ability,and in many cases as a result, their earning power has decreased to a greater extent than has the cost of living,causing a lowering of the standard of life ;

AND WHEREAS the proposed method of reducing wages would impose a rank injustice on the low paid man as a result of the inequity of the sacrefice required,it being very apparent that ten per cent being deducted from wages of $250 per month would merely curtail luxuries whereas ten per cent deducted from half that amount would cut right into the necessities of life;

Therefore be it resolved that the representatives of the Brotherhood of Locomotive Firemen and Enginemen be instructed to oppose to the limit of their ability,the proposals made by the Company,and to insist on the maintainance of the existing rates of pay which,it might be pointed out,

Brotherhood of Locomotive Firemen and Enginemen
NORTHERN LIGHT LODGE, NO. 127
19
90 McAdam Avenue,
Winnipeg, Canada

RESOLUTION (continued)

are considerably lower than those existing in the United States;

And be it further resolved that before any change in the existing rates of pay become effective, same shall be submitted to the lodges for their consideration and approval.

It was moved by Bro Parnell & Bro Cordiley that the Gen Ch be petitioned to hold in abeyance com from 17 regarding to cutting mileage until contemp over wage cut is settled, and that the gen consideration to recommendations of general policy committee at last convention when handling the matter

Amendment, Moved Bro Hicks & Bro Nicholson that that part of motion following word word "settled" on fifth line be deleted

Amendment lost.

L. Coulson
R.S.

Special Meeting, Oct 22nd.

This meeting was called at the written request of Bros. Knipe, N. Allen, J. Bryant, A. Noe & J. Brown for the purpose of considering the advisability of taking a referendum ballot on the question of reducing mileage of firemen in all classes of service

The meeting was opened at 19.40. by Bro. Shaw in chair. & the matter was given considerable discussion, it was moved Bro Davis S. Bro. Brennan as follows:-

After a lengthy consideration of the mileage question, taking into consideration that we have already reduced our miles to the minimum & that we are faced with a possible wage reduction in the near future, it is the decision of this lodge that any further reduction of miles until it can be accomplished without reducing our Basic should not be entertained as this would reduce our standard of living

below that which we have always considered due to us for the class of work we are called upon to do. We believe that a further effort should be made by the General Committee to bring our members who are acting under the jurisdiction of our organization with a view of bettering their conditions, and it is the decision of this meeting which is a very representative one, that no further attempt to reduce the mileage will be made until the above suggestions are carried out & a copy of this motion be sent to the General Chairman

Amendment, moved Bro. Lowe 2nd Bro Dougherty that after the word "future" in above motion the rest of motion be struck out & in place thereof the following be inserted. "that a referendum ballot be taken on the question of reducing mileage of linemen in Passenger service to 3200 miles & all other classes of service to 2600 miles per month".

Vote taken on the amendment resulting in the amendment being lost.

amendment moved. Bro Neish 2nd Bro Henderson that that part of motion reading. "and it is the decision of this meeting which is a very representative one, that no further attempt to reduce the mileage will be made until the above suggestions are carried out, & a copy of this motion be sent to the General Chairman" be deleted

Vote on amendment taken, resulting in amendment being carried,

Vote taken on motion as amended resulting in motion being carried

Meeting closed at 22.45.

Seconded by Bro Burgess.

Carried

The attached resolution was moved by Bro Hicks 2nd by Bro Adams to be forwarded to General Chairman

Carried

At next meeting the question of action by General Ch. on claims be discussed.
(this stowed to on following page)

LODGE NO. 127, B. OF L. F. & E.

WHEREAS, The wages being paid wipers on the Canadian Pacific Railway are miserably inadequate, and do not begin to permit men who are engaged in this class of service an opportunity to maintain a decent standard of living:

AND WHEREAS, Due to the prolonged business depression many of our members have had to revert to, and depend solely on this occupation for the past two years, thereby rapidly forcing them to a condition of degradation that is nothing short of a disgrace to organized Labor:

AND WHEREAS, The Detroit Convention of the B. OF L. F. & E. took action authorizing the General Grievance Committee to negotiate on behalf of these men, and said Committee at both the 1928 and 1931 Triennial Meetings instructed the Chairman to take such action as would alleviate these unjust and unwarranted conditions:

AND WHEREAS, At the recent Convention, in spite of every effort that was made to exempt these members from the payment of various dues, practically no relief was forthcoming, which fully justifies the belief that the Organization should assume a fuller measure of responsibility on their behalf:

AND WHEREAS, It would appear from the inactivity of the General Chairman in the matter that he either utterly fails to understand the seriousness of the situation, or that he is unwilling to assume the responsibility which the instructions of the Committee would require:

AND WHEREAS, Under the aforementioned unprecedented and distressful conditions, it is the opinion of Lodge No. 127 that no excuse or justification exists for such indifference on the part of the General Chairman in neglecting, for such an extended period of time, an acute condition which has such a detrimental effect on so many of our members:

THEREFORE, BE IT RESOLVED, That the General Chairman be requested to immediately take this matter up, or give some definite explanation as to why the instructions of the General Committee are not being complied with, and in addition to a copy of this resolution being forwarded to the General Chairman, a copy be also sent to all Lodges on Western Lines asking for their co-operation in getting some action on this very grievous and important question.

Winnipeg, Manitoba,
November 3rd, 1931.
